

## PROFESSIONAL THERMAL-STIMULATOR

### TSM 800 – HARMONY EASY

HARMONY EASY is a simple and economical thermo-stimulator. Its efficiency makes it possible to reduce work time still obtaining perfect results.

It has 5 pairs of infrared lamps that can be individually adjusted to 3 power positions (medium - off - maximum) that provide the best constant temperature for each hairstyle.

Each Led switch indicates the position and level of heating in each radiant group.

Reflective paraboles in polished stainless steel reflect all the heat to the hair and ensure better energy efficiency and thus secure energy savings.

Possibility to get the radiant groups closer or further from the hair for complete comfort of the customer.

#### - TSM800 VERSION –

- No. 5 multi-position switches to control of each radiant group.
- No. 5 control Leds.
- 60 minutes timer
- Power indicator led

Available in metallised silver or metallised black  
For stand or wall arm.
